REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The claims have been amended to include that a plurality of fasteners are located through the first leg and into the bearing device and deforming selected portions of the second leg into slots spaced about the bearing device to secure the strip to the bearing device. This feature clearly distinguishes the claimed invention from Miller (3,369,378) who does not teach fasteners located through a first leg of the strip (40). McCormick et al. (4,182,579) also lacks fasteners located through a first leg of the strip (35).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc Jimenez whose telephone number (571) 272-4530. The examiner can normally be reached on Monday-Friday between 5:30 a.m.-2:00 p.m.
